COST PROPOSAL
for
Manhattan Beach Unified School District:
Energy Projects

This Proposal is for Manhattan Beach Unified School District.

SPAIC shall provide DSA required Inspection Services for all of the Energy Projects from June 2015 through November 2015. We shall obtain and review all Verified Reports for accuracy according to current DSA requirements, complete the required inspections based on DSA approved documents, update the Project Inspection Card, provide Semi Monthly Reports as necessary and submit the final documents as needed for DSA Certification of this project. This proposal includes all supplies and communication with the District, Construction Management and Design Team to complete this process.

FEE DATA:

SPAIC will be billing monthly at a rate of \$16,675.00 for a DSA Level 1 Inspector. Billing should not exceed 5 months according to the schedule provided. Total billing will not exceed \$83,375.00.

Billing will only be for time worked on these Projects.

Any variance from the estimate above would be approved in advance and is not considered in this Cost Proposal.
