

Local Control and Accountability Plan

Manhattan Beach Unified

July 1, 2015 - June 30, 2018

edit in progress

Introduction:

LEA: Manhattan Beach Unified Contact (Name, Title, Email, Phone Number): Michael Matthews LCAP Year: 2015
Superintendent
mmatthews@mbusd.org
(310) 318-7345 5900

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies? (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA

plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p><i>Meaningful engagement of parents, pupils, and other stakeholders was critical to the development of the MBUSD LCAP. Parents, teachers, community members, students, local bargaining units, English Learner parents, and other key stakeholders all had input into the process. The list below represents different opportunities for input from all of these stakeholders. A variety of data was presented at meetings and online in reference to the LCAP priorities. Parents, teachers and students had the opportunity to comment through surveys, including written comments.</i></p> <ul style="list-style-type: none"> • The District surveyed all employees, parents and high school students regarding the key areas of the LCAP, and used that survey data in a variety of presentations. • The Superintendent presented LCAP information to the Board in five separate meetings, January 21, April 1, May 6, May 20 and June 3. • The Superintendent led an LCAP Steering Committee, with members representing students, the classified bargaining group, the certificated bargaining group, and the EL teacher representatives. This committee met four times. • The Superintendent presented LCAP information to the District Teaching and Learning Committee (TLC), comprised of K-12 teacher leaders. • The Superintendent made a presentation to the District PTA Council. • The Board held a Budget Board Workshop on April 1. • The Superintendent updated the LCAP Section on the MBUSD Website. • The Superintendent invited all parents of EL students to a DELAC meeting to discuss the LCAP and solicit input. EL Parents attended a meeting on May 1, 2015. 	<ul style="list-style-type: none"> • In reading all comments, there were many parent concerns about secondary math, concerns about too much homework, concern about students who are not AP students, and the amount of feedback on writing in secondary schools. • EL Parents requested homework assistance after school. • The LCAP Steering Committee urged a reduction in the total number of goals.

- The high school principal surveyed all high school students regarding LCAP and local priorities.
- The Superintendent shared the Draft LCAP with a parent committee, including EL parents, on June 11, 2015.
- The Board held a public hearing on the LCAP at its June 15, 2015 meeting
- The Board adopted the LCAP at its June 16, 2015 meeting.

Annual Update:

Meaningful engagement of parents, pupils, and other stakeholders was critical to the development of the MBUSD LCAP. Parents, teachers, community members, students, local bargaining units, English Learner parents, and other key stakeholders all had input into the process. The chart below represents different opportunities for input from all of these stakeholders. A variety of data was presented at meetings and online in reference to the LCAP priorities. Parents, teachers and students had the opportunity to comment through surveys, including written comments.

- The District surveyed all employees, parents and high school students regarding the key areas of the LCAP, and used that survey data in a variety of presentations.
- The Superintendent presented LCAP information to the Board in two separate meetings: May 6 and May 20, including an April Update and a May Update listing progress toward the LCAP Goals.
- The Superintendent led an LCAP Steering Committee, with members representing students, the classified bargaining group, the certificated bargaining group, and the EL teacher representatives. This committee met four times.
- The Superintendent presented LCAP information to the District Teaching and Learning Committee (TLC), comprised of K-12 teacher leaders.
- The Superintendent made a presentation to the District PTA

Annual Update:

- In reading all comments, there were many parent concerns about secondary math, concerns about too much homework, concern about students who are not AP students, and the amount of feedback on writing in secondary schools.
- EL Parents requested homework assistance after school.
- It was recommended to use California Healthy Kids Survey for data towards achieving LCAP Goals.

Council.

- The Board held a Budget Board Workshop on April 1.
- The Superintendent updated the LCAP Section on the MBUSD Website.
- The Superintendent invited all parents of EL students to a DELAC meeting to discuss the LCAP and solicit input. EL Parents attended a meeting on May 1, 2015.
- The high school principal surveyed all high school students regarding LCAP and local priorities..
- The Superintendent shared the Draft LCAP with a parent committee, including EL parents, on June 11, 2015.
- The Board held a public hearing on the LCAP at its June 15, 2015 meeting
- The Board adopted the LCAP at its June 16, 2015 meeting.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to

identify the need(s).

Schools: Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 1 0) What information was considered/reviewed for subgroups identified in Education Code section 5 2052?
- 1 1) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 5 2052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 1 2) How do these actions/services link to identified goals and expected measurable outcomes?
- 1 3) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL:	Improving student achievement through the implementation of research-based teaching and learning strategies.	Related State and/or Local Priorities: 1 <u>X</u> 2 <u>X</u> 3 <u>X</u> 4 <u>X</u> 5 <u>X</u> 6 <u>X</u> 7 <u> </u> 8 <u> </u> COE Only: 9 <u> </u> 10 <u> </u> Local: _____
Identified Need:	<ul style="list-style-type: none"> • The Board's goal is to have eventually have every student who goes directly to four year college successfully take at least one Advanced Placement class. MCHS has a very high percentage of students (89%) who successfully complete A-G requirements and are eligible for admission to CSU and/or UC. The percentage of MCHS seniors who have successfully completed at least one Advanced Placement class (as measured by earning a 3 or better on the corresponding AP exam) during high school is currently 57%. That is up from 47% in 2011. • The District will analyze 2015 CCSS data to determine strengths and areas of growth, and compare it to similar districts, particularly in mathematics in grades 6, 7 and 8. This is based on data discussed in the 2014-15 LCAP, showing a drop in math scores after grade five, relative to other high performing districts. • Technology should be an essential tool in high quality instruction. Survey data from parents on the percentage of students using technology to access content is currently 80% stating it is "good" or "excellent." • Survey data from 2014 (students) and 2015 (parents) shows that we need more of our learning to go beyond memorization. The percentage of Mira Costa students and MBUSD parents who say they go beyond memorization to build skills in critical thinking, creativity, communication and collaboration will increase to 55%. • Survey data from this year's parents survey resulted in just 58% of parents stating that their children received personalized learning resulting in differentiated instruction. • According to data from National Clearinghouse and Naviance, 62% of Mira Costa High School students from the class of 2013 who enter four-year college within one year after high school graduation. • In 2014, just 11% of MBUSD teachers reported that they were implementing Common Core State Standards. The percentage of teachers implementing Common Core Standards in 2015 increased to 69%, but needs to go to 100%. 	
Goal Applies to:	Schools: <u> </u> All Applicable Pupil Subgroups: <u> </u> All	
LCAP Year 1: 2015-16		
Expected Annual Measurable Outcomes:	<ul style="list-style-type: none"> • The percentage of MCHS seniors who have successfully completed at least one Advanced Placement class with a score of 3 or above on the AP exam during high school will increase from 57% to 59%. • The District will analyze 2015 CCSS data to determine strengths and areas of growth, and compare it to similar 	

districts, particularly in mathematics in grades 6, 7 and 8. Students who are proficient in math in grades 6, 7 and 8 will increase by at least 1% in 2015.

- Survey data on the percentage of students using technology to access content will increase from 80% of parents stating it is "good" or "excellent" to 82%.
- The percentage of Mira Costa students and MBUSD parents who say they go beyond memorization to build skills in critical thinking, creativity, communication and collaboration will increase to 55%.
- Survey data on personalized learning resulting in differentiated instruction will increase from 58% to 62%
- The percentage of Mira Costa students who enter four-year college within one year after high school graduation will increase from 62% to 63%
- The percentage of teachers who are implementing Common Core Standards will increase from 69% in 2015 to over 80% in 2016.

LCAP Year 2: 2016-17

Expected Annual Measurable Outcomes:

- The District will maintain or improve the number of students enrolled in career technical education classes at the high school level.
- The District will study the financial viability of SoCalROC, and examine options to address student CTE needs.
- The District will address the socio-emotional needs of students by maintaining the MindUP curriculum in grades K-5, and implementing a new mindfulness program in grades 6-12.

- The District will examine best practices in homework that meet the needs of learning and student health.

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
The District will train new K-5 teachers in the Mind Up program and train impacted 6-12 teachers in a new mindfulness socio-emotional health program for students.	LEA-Wide	<input checked="" type="checkbox"/> All ----- OR: <input type="checkbox"/> Low Income pupils <input type="checkbox"/> English Learners <input type="checkbox"/> Foster Youth <input type="checkbox"/> Redesignated fluent English proficient <input type="checkbox"/> Other Subgroups: _____	\$20,000 in Certificated Salaries expense, funded by Grant funding. \$3,000 in Employee Benefits expense, funded by Grant funding. \$17,000 in Services expenses, funded by Grant funding.
Continue funding for 4.4 FTE in elementary PE teachers. LCAP Year 3: 2017-18

Expected Annual Measurable

- The District will maintain or improve the number of students enrolled in career technical education classes at the high school level.

Outcomes:

- The District will address the socio-emotional needs of students by maintaining the MindUP curriculum in grades K-5, and maintaining a new mindfulness program in grades 6-12.
- The District will examine best practices in homework that meet the needs of learning and student health.
- The District will study the financial viability of SoCalROC, and examine options to address student CTE needs.

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
Continue funding for 4.4 FTE in elementary physical education.	LEA-Wide; Grades 1-5.	<input checked="" type="checkbox"/> All ----- OR: <input type="checkbox"/> Low Income pupils <input type="checkbox"/> English Learners <input type="checkbox"/> Foster Youth <input type="checkbox"/> Redesignated fluent English proficient <input type="checkbox"/> Other Subgroups: _____	\$326,675 in Certificated Salaries, funded by Grant funding (\$155,000) and LCFF funding (\$171,675). \$107,800 in Employee Benefits, funded by Grant funding (\$45,000) and LCFF funding (\$62,800).
Train new teachers in mindfulness program.	LEA-Wide	<input checked="" type="checkbox"/> All ----- OR: <input type="checkbox"/> Low Income pupils <input type="checkbox"/> English Learners <input type="checkbox"/> Foster Youth <input type="checkbox"/> Redesignated fluent English proficient <input type="checkbox"/> Other Subgroups: _____	\$3,000 in Certificated Salaries, funded by LCFF funding. \$300 in Employee Benefits, funded by LCFF funding.

GOAL:

Students will maintain strong results in key indicators of student success.

Related State and/or Local Priorities:

1 2 3 4 5 6 7 8

COE Only: 9 10

Local: _____

Identified Need:

If we define chronic absentees by students who are absent 10% or more of the days of the year, then then 287 students (2.3%) were chronically absent in the 2014-15 school year.

PK-5: 81

6- 8: 53

9-12: 153

This is a large increase from the previous year when four (4) students were reported as chronically absent. The difference can be attributed to using a different search mechanism.

Suspension Data:

Grades	2013-14 Suspensions	2014-15 Suspensions
K- 5	1	5
6 - 8	3	3
9 - 12	53	30
Total	57	38

There were no expulsions in the 2014-15 school year.

The dropout rate for middle school is 0%.

The dropout rate for high school is 0.8%.

The graduation rate is 97%

Goal Applies to:

Schools: All

Applicable Pupil Subgroups: All

LCAP Year 1: 2015-16

Expected Annual Measurable Outcomes:

- The District will maintain an attendance rate of 97% or higher.
- The District will maintain a dropout rate of 1% or lower in both middle school and high school, and work to minimize all dropouts.
- The District will maintain or reduce the number of students suspended.
- The District will maintain the number of students expelled.
- The District will maintain or reduce the number of students (2.3%) who are chronically absent.
- The percentage of teachers who are currently credentialed and highly qualified in their area of instruction will increase from 99% to 100%.

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
Through the VPSS process, provide the means for one Special Education teacher to obtain teaching credentials in other teaching areas. Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

	receive additional subject area teaching credentials.		
Scope of Service:	LEA-Wide	Scope of Service:	LEA-Wide; Middle School.

		Budgeted Expenditures	Estimated Actual Annual Expenditures	
What changes in actions, services, and expenditures will be made as a				

result of reviewing past progress
and/or changes to goals?

Original GOAL from prior year LCAP:	The percentage of teachers who effectively utilize PowerSchool as a tool for student academic success will increase from 57% in 2014.	Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2__ 3 <input checked="" type="checkbox"/> 4 <input checked="" type="checkbox"/> 5__ 6__ 7__ 8__ COE Only: 9__ 10__ Local: _____
-------------------------------------	---	---

Goal Applies to:	Schools: All; Elementary; Middle; High School Applicable Pupil Subgroups: All; Socioeconomically disadvantaged; English learners; Pupils with disabilities
------------------	---

Expected Annual Measurable Outcomes:	Increase percentage of teachers effectively using PowerSchool.	Actual Annual Measurable Outcomes:	The main teachers who use PowerSchool are secondary teachers. Among secondary teachers, 78% responded with "good" or "excellent" that PowerSchool effectively provides information on attendance, grades and progress to students and families. Among parents with children in secondary grades, 72% responded with "good" or "excellent" that PowerSchool effectively provides information on attendance, grades and progress to students and families. The most frequent comment in parent comments on PowerSchool was that it works well, but only if teachers input grades frequently.
--------------------------------------	--	------------------------------------	--

LCAP Year: 2014-15

Planned Actions/Services		Actual Actions/Services	
	Budgeted Expenditures		Estimated Actual Annual Expenditures
The percentage of teachers who believe that PowerSchool is an effective tool will increase from 57% in 2014 to 70% in 2015. This action relates to many other goals, including helping more students, including targeted students, to (goal 2.1 - successfully complete at least one AP class; Goal 2.2 – enter four year college; goal 2.3 – complete A-G requirements (particularly boys)).		Technology TOSAs provide assistance for teachers who needed help with PowerSchool. Among parents with children in secondary grades, 72% responded with "good" or "excellent" that PowerSchool effectively provides information on attendance, grades and progress to students and families.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$339,689
--	-----------

In some cases, school-wide or district-wide expenditures are the most effective use of funds, due to the small size of impacted students across MBUSD, and to provide coherent and consistent support for all impacted students in all seven district schools. There are several specific areas in which we are allocating district wide funds that also support targeted students.

- Maintaining two (2) Teachers on Special Assignment serving as Instructional Technologists assisting teachers in the implementation of technology in the classroom. These are district-wide positions, but they will allow us to focus on the maximizing quality instruction for targeted students, and their families, who are spread across the district disproportionately.
- Adding then maintaining a Director of Assessment, Research and Professional Development. This is a district-wide position, but it will allow us to focus on the achievements of targeted students that are spread across the district disproportionately.

The two positions described above are the most effective use of supplemental funds, as the needs of impacted students are spread across the district in all seven schools.

There is one more area where we are targeting impacted students.

- Expanding then maintaining UCLA Center X Math to address teaching elementary students and targeted students across the District. This is a district-wide service, but it will allow us to focus on maximizing quality instruction for targeted students that are spread across the district disproportionately.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

0.68 %

The total funding for unduplicated pupils in 2014-15 is \$339,689, per the C-37 RL Report. The minimum proportionality percentage at full-implementation calculated in 2014-15 is 0.68%. These funds will be used for targeted populations (unduplicated count students) on a school-wide and District-wide basis.

Services for English Learners will include:

- 1) All MBUSD classrooms will be taught by a highly qualified teacher.
- 2) MBUSD will provide additional targeted ELD instruction in grades TK-5 by supplementing the instruction with an additional 1.0 FTE for EL Support and instruction. This additional support will not only provide additional instruction for EL students, but will facilitate improved communication with EL families.
- 3) MBUSD will provide additional targeted ELD instruction in grades 6-8 by adding 0.2 FTE EL Support to the teaching staff. This additional support will not only provide additional instruction for EL students, but will facilitate improved communication with EL families.
